

To All Students

Gunma University will be conducting a mass vaccination of students and faculty members against the new coronavirus as a first step to help students lead a safe and fulfilling university life.

If you have not received a vaccination ticket, please contact the prefectural government. Those who have not received the vaccination coupon, those who live outside the prefecture, and international students are also eligible.

We will start accepting applications from June 30 (Wed.), so please make an appointment through the Gunma University Information System.

Please make an appointment through the Educational Affairs System. If you have a pre-existing medical condition that makes you uncomfortable about getting vaccinated, please consult with your family doctor.

If you have any concerns about the vaccination due to a chronic illness, please consult with your family doctor and consider whether you would like to receive the vaccination.

Students of the School of Medicine (including graduate school) are not eligible for this vaccination as they have already been notified by the Showa District Academic Affairs Division as priority recipients of the Gunma Prefecture vaccination.

This vaccination is based on request and is not mandatory. Those who do not receive the vaccine will not be disadvantaged.

1. Vaccination schedule, etc.

Please note that the schedule (category) for which you can make an appointment differs depending on the faculty (graduate school, etc.) and academic year.
